

District Directors

District I Director

Diana Hassell

*Child Nutrition Assistant
Tyrrell County Schools*

My name is Diana Hassell and I am running for District I Director. My career began in the Nutrition program 13 years ago. Right from the beginning I enjoyed my job tremendously! I try to stay as involved as possible on the local level. My goal was to become involved on the state level. In 1998, I became certified. I have attended every state conference since 1999. During my career I have been on the Nutrition committee for 5 years, and from that I have learned and experienced many new and wonderful things while in that capacity. For the past 8 years I have had the privilege to represent our district as chapter president. My desire to run for the office stems from my belief in our association. I feel that regardless of whether you vote for me or not, the important thing is to vote. Your vote counts, so please support your association and our district.
