

Membership and Certification Fees Update

For the 2019-20 year, the SNA Board of Directors has approved small increases for the membership processing fee and Certificate program fees.

As of October 1, 2019, the processing fee will be changed to \$2.50, reflecting the ongoing costs of doing business. The membership processing fee had been unchanged since 2014 and SNA continues to strive to keep costs down, while still providing high-quality member benefits.

Also effective on October 1, 2019, the [Certificate program](#) fees will increase as outlined below. The changes apply to new Certificate applications, renewals and reinstatements. SNA members can take advantage of the newly launched [Training Zone](#), to find a variety of resources to help earn a new certificate or level up!
